

Badu *design Tomasz Augustyniak, 2008*

Use: modular sofa set for domestic interiors and, in a synthetic version, for public spaces

Structure: frame of elements of hardwood and plywood

Seat: spring slats and Bonell springs covered with high-resilience foam, Visco-elastic foam ("memory foam") filling, down

Attention! Seat and backrest cushions require regular fluffing up to restore their original look

Footstool 1/4: spring slats replaced with webbing straps

Backrest: high-resilience foam, down filling (Attention! Seat and backrest cushions require regular fluffing up to restore their original look)

Base: plastic glides

ADDITIONAL INFORMATION:

- Badu is available with synthetic filling, recommended to people with allergies
- synthetic filling gives the seat a more controlled look, it does not require fluffing up and functions well in public spaces

Badu modules are available in two depths:

112 cm (seat depth 66 cm) and 102 cm (seat depth 56 cm)

Our selection of finishings and fabrics is available from

www.comforty.pl/probnik,

Comforty showrooms and our authorised representatives.

Additional option

Selected configurations of Badu modules:

Armrest 40 + M110 + M110 + R + M110 + M110 + Armrest 40

Armrest 40 + M110 + M110 + Footstool 110 x 110 + M110 + M110 + Armrest 40

Armrest 20 + M110 + M110 + R + M110
